

Off-Site Backup - Protect Your Information!

As Conquest Solutions, we believe the best backup solution is one that works and that you do not have to worry about. Therefore, we recommend a secured off-site backup. A well rounded, efficient, and effective backup solution should be in place for anyone with a computer. It is especially critical for businesses that have accounting, user, email, and other data that they just can not afford to lose.

We provide a backup solution that backs up all your data to both a server here in our office (for quick recovery of data) and to a 24/7 datacenter in downtown Atlanta (with a rack of 2 backup servers that continually replicate each other). It is the safest way to make sure your data is there in the event of your computers being stolen, having deleted/corrupt data, losing hard drives, or any other catastrophe.

Our pricing is very simple. You get 10GB of off-site storage for just \$25.00 per month. Each additional gigabyte of off-site space needed is just \$0.50 per GB.

How Does It Work? Here's how:

Pay annually and get 1 month free!

Pricing examples for each computer that needs backed up:

- \$25.00 for 10gb Storage
- \$30.00 for 20gb Storage
- \$40.00 for 40gb Storage
- \$50.00 for 60gb Storage
- \$60.00 for 80gb Storage
- \$60.00 for 100gb Storage
- \$95.00 for 150gb Storage
- \$120.00 for 200gb Storage
- \$145.00 for 250gb Storage
- \$170.00 for 300gb Storage
- \$195.00 for 350gb Storage
- \$220.00 for 400gb Storage
- \$245.00 for 450gb Storage
- \$270.00 for 500gb Storage
